

TreeTops tops the “must see” list for Muskoka Homebuyers

At TreeTops, the excitement started long before the red ribbon was cut. When the word first spread that an entirely new and innovative housing option was coming to the top of Hidden Valley, the buzz began to build. And by the time Club Leisure Corporation and the Mayor of Huntsville presided over the official opening of the Presentation Centre and model suite earlier this summer, the secret was out.

TreeTops is now offering a new brand of resort-style living in a magnificent setting surrounded by the nature trails, lakes and ski hills of Muskoka.

Perched high on the hills overlooking beautiful Peninsula Lake, Deerhurst’s Lakeside Golf Course and Hidden Valley itself, TreeTops is inviting you to “live above it all”, amidst a canopy of trees at what is quickly becoming one of Huntsville’s most desired four-season destinations.

Here an exclusive collection of luxurious escarpment condominiums are now being offered, all nestled into the hillside and each with their own balcony or walk-out patio with fabulous views of the spectacular landscape that surrounds. Suites are spacious and feature two bedroom and two bedroom plus den layouts (some with an optional third bedroom).

Hiking, boating, fishing, golfing, swimming and watersports... at TreeTops, residents will enjoy the very best of Muskoka, with easy access to downtown Huntsville and all of its many amenities.

But by no means is the fun at TreeTops limited to the warm weather months. When the snow flies, skiers will love the ability to “ski in and ski out” from their homes directly to the Hidden Valley Highlands Ski Area, with both cross-country and Alpine skiing available.

Club Leisure Corporation has created a community that is as green and natural as possible so it’s attractive not just to

outdoor enthusiasts and nature lovers but also those who want to preserve Canada’s precious natural assets for future generations.

So every residence at TreeTops will be built to an EnerGuide New Housing Program Natural Resource Canada standard... bringing together the best in energy efficient and water conservation systems. Club Leisure has also designed and implemented a geothermal system with radiant floor heating that will offer TreeTops owners clean, green heating and cooling year-round.

Club Leisure Corporation was established to develop, finance, and manage prime real estate projects, with a special focus on residential developments in resort areas offering access to leisure sports such as golf, skiing and boating.

CLC’s senior team is comprised of a core of seasoned professionals with years of combined experience in real estate development. They have assembled a team of other highly respected industry professionals in the design and development of TreeTops, each of whom brings their own unique talents and discipline to the table.

Located directly across the road from Deerhurst Resort, TreeTops’ new Presentation Centre and Designer-Decorated Model are now open. Book an appointment or drop by anytime to discover the amazing new escarpment condominiums being offered at the top of Hidden Valley. Phase One is now available with prices starting from \$279,900.

For more information, call 1-855-784-9990 or visit the website at TreeTopsHuntsville.com. The Presentation Centre and Model are located at 1 Tree Tops Lane in Huntsville (across from Deerhurst Resort). Hours are: Monday, Tuesday, Thursday & Friday 11 am to 6 pm, closed Wednesday, Saturday & Sunday 11 am to 5 pm.
